ELECTION & RESPONSE TO RESTRICTION REQUIREMENT

COMMISSIONER FOR PATENTS
ALEXANDRIA, VIRGINIA 22313

SIR:

In response to the Restriction Requirement mailed August 12, 2004, the Applicants elect with traverse **Group II**, Claims 16-20, directed to a method for treating hypertension, and the following species: (A) **chlorogenic acid** and (B) a **central nervous system stimulating component**. The Applicants understand that examination will be extended to additional species upon an indication of allowability of a generic claim.

The traverse is on the basis that the Office has not established that an undue burden would be imposed on the Examiner in conducting an examination of both groups together, because similar subject matter is encompassed by each group. For example, a search of

Group II would also encompass a search of the compositions of Group I. Accordingly, the Applicants respectfully request that the Restriction Requirement be withdrawn and all the claims be examined together.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
